Application No. 09/778,704
Filed: February 7, 2001
Attorney Docket No. 10258US01

:
: DECISION ON PETITION
: UNDER 37 CFR 1.78(a)(3)
:
:

This is a decision on the petition filed November 25, 2003, under 37 CFR 1.78(a)(3), to accept an unintentionally delayed claim under 35 U.S.C. §120 for the benefit of prior-filed Application No. 09/631,312, filed August 3, 2000, set forth in the amendment submitted with the instant petition.

The petition is **Granted**.

A petition for acceptance of a claim for late priority under 37 CFR 1.78(a)(3) is only applicable to those applications filed on or after November 29, 2000. Further, the petition is appropriate only after the expiration of the period specified in 37 CFR 1.78(a)(2)(ii). In addition, the petition under 37 CFR 1.78(a)(3) must be accompanied by:

(1) the reference required by 35 U.S.C. § 120 and 37 CFR 1.78(a)(2)(i) of the prior-filed application, unless previously submitted;

(2) the surcharge set forth in § 1.17(t); and

(3) a statement that the entire delay between the date the claim was due under 37 CFR 1.78(a)(2)(ii) and the date the claim was filed was unintentional. The Commissioner may require additional information where there is a question whether the delay was unintentional.

¹ Any nonprovisional application or international application designating the United States of America claiming the benefit of one or more prior-filed copending applications or international applications designating the United States of America must contain or be amended to contain a reference (amendment to the first line of the specification following the title or in an application data sheet (ADS)) to each such prior-filed application, identifying it by application number (consisting of the series code and serial number) or international application number and international filing date and indicating the relationship of the applications. Cross references to other related applications may be made when appropriate (see § 1.14).

The instant application was filed on February 7, 2001 and was pending at the time of filing of the instant petition. A reference to the prior-filed application has been included in an amendment to the first sentence of the specification following the title, as required by 37 CFR 1.78(a)(3).

The instant nonprovisional application was filed after November 29, 2000, and the claim for priority herein is submitted after expiration of the period specified in 37 CFR 1.78(a)(2)(ii). Also, the reference to the prior-filed application was submitted during the pendency of the nonprovisional application for which the benefit is sought. See 35 U.S.C. § 120. Accordingly, having found that the instant petition satisfies the conditions of 37 CFR 1.78(a)(3) for acceptance of an unintentionally delayed claim for priority under 35 U.S.C. § 120, the petition to accept an unintentionally delayed claim of benefit to the prior-filed application is granted.

The granting of the petition to accept the delayed benefit claim to the prior-filed application under 37 CFR 1.78(a)(3) should not be construed as meaning that the instant application is entitled to the benefit of the filing date of the prior-filed application. In order for the instant application to be entitled to the benefit of the prior-filed application, all other requirements under 35 U.S.C. §120 and 1.78(a)(1) and (a)(2) must be met. Similarly, the fact that the corrected Filing Receipt accompanying this decision on petition includes the prior-filed application should not be construed as meaning that applicant is entitled to the claim for benefit of priority to the prior-filed application noted thereon. Accordingly, the examiner will, in due course, consider this benefit claim and determine whether the instant application is entitled to the benefit of the earlier filing date.

A corrected Filing Receipt, which includes the priority claim to the prior-filed application accompanies this decision on petition.

Any questions concerning this matter may be directed to Karen Creasy at (703) 305-8859.

This application is being forwarded to Technology Center Art Unit 2672 for processing the amendment submitted November 25, 2003, and for processing and consideration by the examiner of the claim under 35 U.S.C. § 120 and 37 CFR 1.78(a)(2) for the benefit of the prior-filed application.
